LANDING DOOR RANGE

Gaia 4V OC

AUTOMATIC LANDING DOOR

Because you need high levels of performance, silent doors, robust and with a neat aesthetic, we developed the Gaia range. Able to integrate and respond to both configurations of buildings open to the public (schools, offices, hotels, health centers, train stations, theaters ...) than those good lifts, this new range brings you optimized high standing solution with an unmatched level of reliability.

The door
deeply

Simplified Commissioning

- Reducing installation time is guaranteed by the simplified assembly of the door.
- Maintenance is facilitated by the availability of components.

Aestheticism guaranteed

- No visible welding points on panels.
- The brushing direction of the lintel is the same as uprights for the most clear openings.
